Application Success Stories

For more than 50 years, the Dunmore brand has stood for quality in coated, laminated and metalized films.

During that time, several diverse industries have come to know our name, as a films manufacturer / coated films manufacturer, for outstanding standard and specialty products.

Today, they often turn to us first with new challenges untried innovations and experimental applications.

Dunmore Europe GmbH always offers the right solution for your application. The technologies from Dunmore and Hildebrand Technology complement each other perfectly in the production process.

Types of material:

- Films
- Foils
- Non-woven

Industrial sectors:

- Photovoltaic
- Aircraft, Spacecraft
- Thermal and sound insulation
- Medical products
